Introduction

CHARGE UP, BREAK YOUR LIMIT

The **CoreX Fitness League** is a year-long competitive fitness series featuring eight events designed to push athletes to their limits while building a strong fitness community.

The third stage of the season takes place at **ADNEC – Hall 4, Abu Dhabi, on the 20th of June 2026**, using the three volleyball courts (no-rig setup).

Athletes compete across unique locations in Abu Dhabi, Al Ain, and Al Dhafra — exploring beaches, mountains, and deserts through physically demanding challenges. The events are designed to test endurance, strength, stamina, agility, and mental toughness while inspiring discipline, dedication, teamwork, and a passion for healthy living.

We invite all athletes and fitness enthusiasts to take part in this experience. Join us as we come together to challenge limits, build resilience, and celebrate the spirit of competition.

Welcome to CoreX Stage 03 — Charge UP, Break Your Limit.

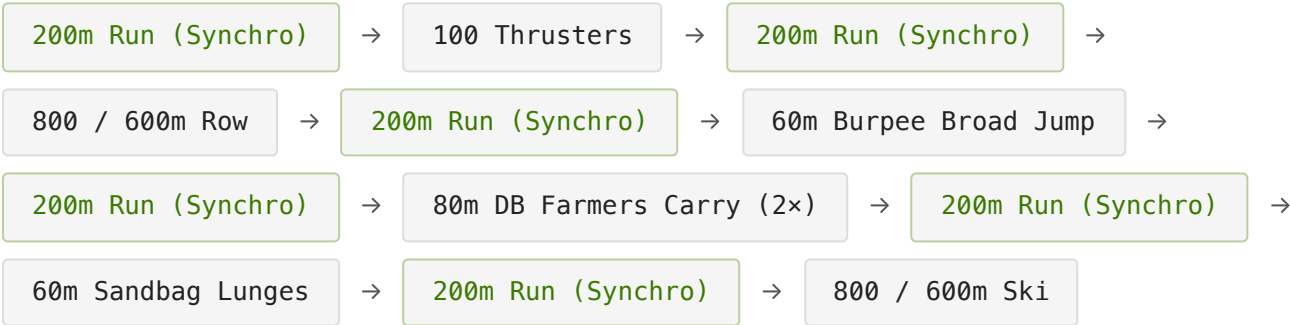

CoreX 3rd Series Workout

FOR TIME · 20 MIN CAP

INDIVIDUAL OPEN (MEN / WOMEN)

DOUBLES – SYNCHRONIZED (MEN / WOMEN)

PRESCRIBED WEIGHTS – ADULT DIVISIONS

DIVISION	DUMBBELL	SANDBAG	DB THRUSTER
Men Open	15 kg	20 kg	15 kg
Women Open	10 kg	10 kg	10 kg
Double Men	15 kg	20 kg	15 kg
Double Women	10 kg	10 kg	10 kg
Relay Team	15 / 10 kg	20 / 10 kg	15 / 10 kg

Workout Description

ADULT DIVISIONS · FLOW & STANDARDS

INDIVIDUAL

On the call of **3, 2, 1 GO!!** the athlete completes the first **200m Run**, then straight into **60 Thrusters**. Another **200m Run** leads into the **500m (men) / 400m (women) Row**. The next **200m Run** is followed by **80m DB Farmers Carry (2x)**. Another **200m Run** leads into **60m Burpee Broad Jump**, then a **200m Run** into **40m Sandbag Lunges**. The final **200m Run** closes into the **500m / 400m Ski**. Once the last meter is completed, the athlete must run over the finish line for time to stop. The workout must be completed in the flow it is provided.

DOUBLES

On the call of **3, 2, 1 GO!!** both athletes run all **200m segments together (synchro)**. The remaining movements are shared. The workout is completed in the given order with a 200m run between movements: **100 Thrusters · 800/600m Row · 60m Burpee Broad Jump · 80m Farmers Carry · 60m Sandbag Lunges · 800/600m Ski**. Time stops once both athletes run over the finish line.

Synchro rule: both athletes must move together on every run segment. Shared stations may be split however the team decides unless a station specifies otherwise.

Relay Team Workout

TIME CAP · 20 MIN

RELAY – 6 ROUNDS (PER ROUND)

AFTER 6 ROUNDS – CLOSING MACHINES

900 / 750m Row & Ski (2 work : 1 rest)

DESCRIPTION

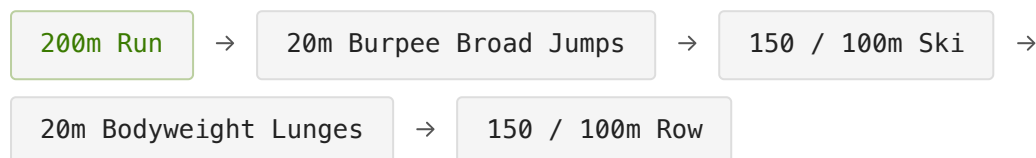

On the call of **3, 2, 1 GO!!** Athlete 1 completes one full round — **200m Run · 10m Sandbag Lunges · 20 Thrusters · 10m Burpee Broad Jump**. Once Athlete 1 is done, Athlete 2 completes a full round, then Athlete 3. All athletes then complete another full round each (**2 rounds each**). On the machines, 2 athletes work at the same time (Row & Ski) and the 3rd can change in anywhere at any time. The full **900m (men) / 750m (women)** on both machines must be completed before athletes can run over the finish line. The team's time stops once all 3 athletes run over the finish line.

Relay scoring: each 10m in the workout is 1 rep; each 50m on the rower and ski-erg is 1 rep/second. *Example:* only 500m on the row and 400m on the ski (not complete) = 18-second penalty → 20:18.

Movement Standards

REP · NO REP — JUDGES' REFERENCE

1 · Running

REP

- Any style of running is accepted.
- From your workout station, follow the recommended route and distance back to your workout station.

NO REP

- Did not meet your prescribed distance.
- Did not follow the set-out route for running.
- Deliberately interfered with an opponent's effort — be fair.

2 · Sandbag Lunges

REP

- Sandbag on the shoulders at the back.
- Forward lunge with one knee touching the floor, then stand back up to full extension with feet next to each other.
- Lunges must be alternating.
- Both feet start behind the line; both feet must finish behind the line.

NO REP

- Knee does not touch the floor.
- Sandbag drops or is put down.
- Full extension (knees & hips) not reached before the rep is counted.
- Feet do not start behind the line and finish behind the line.

3 · Burpee Broad Jump

REP

- Thighs and chest touch the floor simultaneously on the burpee.
- Double-foot takeoff and landing.
- Hands must start where the feet landed.

NO REP

- Chest or thighs fail to touch the floor.
- Not a double-foot takeoff.
- Athlete's hands do not start where the feet landed.

4 · Thrusters (DB)

REP

- Squat with hips breaking below the top of the knee line (below parallel).
- Full extension at the top — DB overhead with arms locked and legs fully extended.

NO REP

- Squat does not reach depth (hips not below parallel).
- No full extension at the top (arms or legs not locked out).

Movement Standards

CONTINUED · FARMERS CARRY · THRUSTERS · ROWING · SKI-ERG

5 · Farmers Carry

REP

- Both feet must start behind the line; both feet must pass the second line for the rep.
- DBs must be at the side of the body.

NO REP

- Feet do not start behind the line and finish behind the second line.
- DBs are not at the side of the body (cannot be on the shoulders).

- DB not overhead with arms / elbows fully extended.

7 · Rowing

REP

- All prescribed meters are completed before getting off the rower.

NO REP

- Athlete did not complete all prescribed meters before getting off the rower.

8 · Ski-Erg

REP

- All prescribed meters are completed before getting off the ski-erg.

NO REP

- Athlete did not complete all prescribed meters before getting off the ski-erg.

Penalty System

INFRINGEMENTS & PENALTIES

INFRINGEMENT	PENALTY
Leaving Ski-Erg or Rower early	Min. 10 seconds up to Disqualification (DQ) – severity-dependent
Incorrectly returned dumbbells	30-second penalty
Removal of Sandbag from shoulders	15-second penalty (1st infringement) / DQ (2nd infringement)
Feet not on Ski-Erg base or Rower footplates before touching handle	15-second penalty per infringement

Score System

FOR TIME · 20 MIN CAP

Format of the workout is **For Time**. The objective is to finish the workout as fast as possible within a **20-minute time cap**. The individual or doubles team with the fastest time will rank highest.

Every rep that is not completed within the time cap will be added to your final time and will become your score. **Every 50m on the run, row and ski counts as 1 rep.**

Example: if the athlete did not complete the last run and the 500m row, he/she missed 13 reps — so the score would be 20:13.

Each athlete will receive a **time tracker** which will stop the time automatically when the athlete runs across the finish line.

Code of Conduct

ADSC · FAIR PLAY & SPORTSMANSHIP

Athletes agree to compete in a **fair and honorable manner** and to abide by the **Abu Dhabi Sports Council Code of Conduct**, which upholds the core values that ensure a respectful and inclusive race environment for all.

Poor sportsmanship — including attempts at deception, manipulation, excessive disputes, as well as disruption and/or obstructing other participants — can lead to penalties, disqualification, a lifetime ban from events, and/or legal action.

Any participant who is disqualified from the event or banned from future events will **not receive a refund** for any fees or dues. This also applies to behavior that could harm or disturb participants, volunteers, staff, sponsors, and spectators.

Any of the above actions may be taken against any participant at the discretion of event organizers.
